### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: the independent claims of the instant invention all require a disk-shaped bas part to which prosthesis mockups or prostheses of different lengths and fastenable. Independent claim 23 also requires a specific recess in combination with further elements on a device for determining a required length of a middle ear prosthesis. Independent claim 56 also requires a specific conical protrusion in combination with further elements on a device for determining a required length of a middle ear prosthesis. Independent claim 58 also requires a specific hollow area in the base in combination with further elements on a device for determining a required length of a middle ear prosthesis. These combinations are neither suggested nor disclosed by the art of record. Therefore, claims 23-60 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to G. Bradley Bennett whose telephone number is 571.272.2237.

The examiner can normally be reached on M-TH 8:30-5:30.
